**PETITION TO WITH DRAW HOLDING OF ABANDONMENT, OR ALTERNATELY,  
FOR REVIVAL OF AN APPLICATION FOR PATENT ABANDONED  
UNINTENTIONALLY UNDER 37 CFR § 1.137(b)**

Dear Sir or Madam:

Applicants hereby request reversal of the holding of abandonment of the above-identified application, or alternately revival of their application for patent abandoned unintentionally. The entire delay, if any, in filing the required reply from the due date for the required reply until the filing of a grantable petition under either 37 CFR § 1.181 or 37 CFR § 1.137(b) was unintentional.

The subject application became abandoned per the attached Notice of Abandonment mailed June 23, 2006. Applicants are unable to obtain access to the PAIR record for their application to confirm this information, due to, per the attached copy of the Office letter, the Applicant and correspondence address of the subject file having somehow been altered in the USPTO records to that of Vysis, not of Abbott Laboratories. This response and its accompanying petition (and supporting documents) are being promptly submitted after Applicant has learned of the application's abandonment.

**Facts Supporting a Reversal of Holding of Abandonment**

Applicants' understanding of events is as follows:

1. The subject application is stated as being abandoned due to applicants alleged failure to respond to the Office letter mailed on April 29, 2005.
2. The Office letter mailed on April 29, 2005 states that corrected drawings received

in the application on April 13, 2000 are not acceptable due to failure to comply with margin requirements and imposed a two month time period to correct these informalities (i.e., by June 29, 2005).

3. Upon receipt of this communication, Applicants' counsel contacted the USPTO seeking recognition of the Formal Drawings previously filed in the application on February 11, 2002 (copy appended, including copy of stamped postcard showing receipt in the USPTO on February 26, 2002).

4. Applicants' counsel was advised to forward to the USPTO an electronic copy of the drawings previously filed. This was done by e-mail on May 9, 2005 (copy appended).

Based on the foregoing, it was understood by Applicants' counsel that the response to the Office letter mailed on April 29, 2005 had been timely filed on May 9, 2005. Counsel previously had paid the issue fee prior to receipt of the Office letter, on April 25, 2005.

Applicants hereby petition the Commissioner of Patents and Trademarks to revive the application referenced above. Applicants request that no fee be charged for this request as the response was timely filed.

#### Alternative Petition in the Event of Unintentional Abandonment

In the event the application was unintentionally abandoned due to the filing on May 9, 2005 being in any way deficient, Applicants herein submit their Response to the Office letter mailed on April 29, 2005.

Appended to the Response is a complete copy of the formal drawings filed in the application on February 26, 2002. Further appended are printer-ready versions of the formal drawings (i.e., Replacement Sheets to assist in the case where the formal drawings previously filed were not matched with the application). Applicants submit that these drawings as previously and presently submitted are in full compliance with drawings requirements. Applicants request in their Response that these drawings be matched with the subject application, and the application be passed to issue.

Applicants hereby petition the Commissioner of Patents and Trademarks to revive the application referenced above. Applicants request that any fees due be charged to deposit account of the undersigned. The Commissioner is hereby authorized to charge any additional Filing Fees required under 37 CFR §1.16, as well as any patent application processing fees under 37 CFR § 1.17 associated with this communication for which full payment had not been tendered, to Deposit Account No. 01-0025.

#### Other Matters

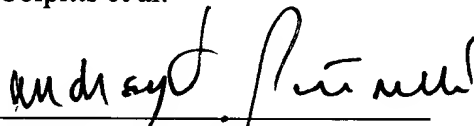

Applicants respectfully request correction of the USPTO records to properly acknowledge the correspondence information of Applicants' counsel such that written correspondence from the USPTO will be promptly received, and such that Applicants will have access to application information through USPTO PAIR.

CONCLUSION

Applicants hereby petition the Commissioner of Patents and Trademarks to revive the application referenced above or withdraw the holding of abandonment. Please advise the undersigned if there is any further information or documentation needed for the grant of the subject Petition.

1. ☒ Applicant's failure to timely file a proper reply to the Office letter mailed on 04/29/05.

  - (c) ☐ A reply was received on \_\_\_\_\_ but it does not constitute a proper reply, or a bona fide attempt at a proper reply, to the non-final rejection. See 37 CFR 1.85(a) and 1.111. (See explanation in box 7 below).

Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

## Attachment to Notice of Abandonment

**For questions concerning the notice contact  
Office of Patent Publication  
Image Assistance Center: 888-786-0101.**

Information is also available on the USPTO Internet web site:  
<http://www.uspto.gov/web/patents/pubs/abandonnotice.html>

### **Respond to the Notice of Abandonment by one of the following:**

**1. Petition To Withdraw Holding of Abandonment (See MPEP 711.03(c) I and 37 CFR § 1.181) No fee required**

Where an applicant contends that the application is not in fact abandoned (e.g., a reply was in fact filed), a petition under 37 CFR § 1.181(a) requesting withdrawal of the holding of abandonment is the appropriate course of action. Any petition under 37 CFR § 1.181 to withdraw the holding of abandonment not filed within 2 months of the mail date of a Notice of Abandonment may be dismissed as untimely under 37 CFR § 1.181(f). In order for a petition to be granted, the evidence must be sufficient according to 37 CFR § 1.8(b) Certificate of Mailing, 37 CFR § 1.10 "Express Mail" mailing, or MPEP 503 Postcard Receipt as Prima Facie Evidence. The petition should be addressed as follows:

By mail: Mail Stop: Issue Fee, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450  
By facsimile: 703-872-9306

**2. Petition To Withdraw Holding Of Abandonment Based On Failure To Receive Office Action (MPEP 711.03(c) II and 37 CFR § 1.181). No fee required**

Where an applicant contends that the original Notice of Allowance and Fee(s) Due was never received, if adequately supported, the Office may grant the petition and remail the Office action. The showing required establishing non-receipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the nonreceived Office would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

Petition should be addressed to the Technology Center handling the application as follows:

By mail: Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450  
By facsimile: 703-872-9306

**3. Petition To Revive An Abandoned Application (See MPEP 711.03(c) III)**

Where there is no dispute as to whether an application is abandoned (e.g., the applicant's contentions merely involve the cause of abandonment) a petition under 37 CFR § 1.137 (a) or (b) (accompanied by the appropriate petition fee) is necessary to revive the abandoned application. The text of these rules is available on the USPTO Internet Web site. Forms for these petitions, "Petition For Revival Of An Application For Patent Abandoned Unavoidably Under 37 CFR § 1.137(a)," PTO/SB/61, and "Petition For Revival Of An Application For Patent Abandoned Unintentionally Under 37 CFR 1.137(b)," PTO/SB/64, are available in the forms section of the USPTO website: <http://www.uspto.gov>.

Petitions under 37 CFR § 1.137 should be addressed to the Office of Petitions as follows:

By mail: Mail Stop Petition, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450  
By facsimile: 703-872-9306

**Note:** Abandonment takes place by operation of law for failure to reply to an Office action or timely pay the issue fee, not by operation of the mailing of a Notice of Abandonment
